

Charles Harvey Stinnett, M.D.

February 26, 1934 - June 14, 2019

Charles Harvey Stinnett, M.D., died June 14, 2019 at Circle of Life Hospice in Springdale, Arkansas. A resident of Siloam Springs, he was the son of Richard and Irene Stinnett and had one older brother, Carl (now deceased). Charles was born February 26, 1934 and grew up in Horatio, Arkansas. He played linebacker for the Horatio Lions. He first attended the University of Arkansas in 1952 for agriculture, but with encouragement from Dr. Dickinson, his hometown doctor, and Fred Sharp, the pharmacist he worked for in high school, he switched to pre-med. He was admitted to the University of Arkansas College of Medicine in February 1955 during his junior year.

Charles met Barbara at a dinner for incoming medical school freshman at Mary Maestri's. The two married in 1956 at Barbara's parents' farmhouse in Bloomer, Arkansas (near Charleston). After graduating from medical school in 1958, their first son, Scott, was born in 1959. Charles completed residency in 1961 and joined Drs. Huskins and Puckett in Siloam Springs, Arkansas. Charles and Barbara's second son, Steve, was born in 1961.

Charles practiced medicine in Siloam Springs for 44 years. He could not have done it without Barbara's unwavering support. It is estimated that he delivered over 1,500 babies, and he considered each and every one of his patients a part of his family. He had two nurses over the period, Willie Elliot and Connie Carter, who worked for him for 9 years and 35 years respectively. He was incredibly grateful for their help. Charles was a member of the National Guard from 1960 to 1968. He and Barbara traveled to 49 states. He is survived by his wife, Barbara, his sons Scott (Kelley) & Steve (Cindy), and his grandchildren, Benjamin, Elizabeth, Corbin, Bailey, Matt, and Jordan. He inspired some of his children and grandchildren to enter medicine and the medical field—following in his footsteps.

In later years, Charles immensely enjoyed seeing and keeping up with his patients—near and far—as he exercised or drove his always spotless car around town. They were excited to see him and all had wonderful stories to share. He loved to attend the annual scholarship night at Siloam Springs High School to see his patients graduate and embark

on new adventures. In lieu of flowers, donations to the Siloam Springs High School Scholarship Fund, 700 N. Progress, Siloam Springs, AR 72761, are greatly appreciated.

Funeral services will be 2:00 p.m., Tuesday, June 18, 2019 at First United Methodist Church in Siloam Springs. Burial will follow at Oak Hill Cemetery in Siloam Springs. Visitation will be from 6:00 p.m. to 7:30 p.m., Monday, June 17, 2019 at Wasson Funeral Home in Siloam Springs.

“ Dr. Stinnett was certainly a compassionate man. I could call him day or night for help in taking care of my mother. He also was my Dad/s doctor. I remember that he knew you where ever he saw you. Thank you Barbara for always being there for him and helping him to do what he dearly loved. From all the Place Family, we send our prayers to the Stinnett Family.

“ About 45 years ago, my son was 5 years old and we were in to see Dr Stinnett for some reason. My dad was in the hospital in Houston for heart bypass and we mentioned it to him. He said, "Wait just a minute", went out of the room and came back with a model of a heart. He spent several minutes showing us what the surgeons would be doing and explained a lot of the process that Jeff and I didn't know about. I have always remembered how thoughtful he was at that time. We really missed him when he retired and I was glad to see that he was still active. RIP, Dr Stinnett.

“ I loved Dr. Stinnett. He became my doctor when I was 17 in 1971 and was my doctor and friend until he retired. He delivered all three of my children and was their doctor. No need for a pediatrician because he was the best family doctor ever and he did it all. They do not make doctors like that anymore. Rest in peace, Dr. Stinnett.

“ When I was a child I had severe side pains and was misdiagnosed. My family had great faith in Dr Stinnett and he found out the problem I had a deformed kidney and it was on verge of bursting. And sent me to have emergency surgery. He saved my life. And he was a dear friend and family doctor of the Thompson family.

“ Living a legacy. Those that knew him will never forget him. A wonderful man that was a true pleasure to know. He touched so many lives in such a positive way. He served the people for so many generations. Grandparents, children, and grandchildren still remember and Love Dr. Charles! He will always live on in their hearts. With loving memory, Jeff, April, Seth, and Heath Rich

“ I'd like to extend our sympathy to you all. My parents were Earl and Carol Reading, and I'm the youngest of their children. I broke my arm in the 2nd or 3rd grade... twice. He helped put on one cast and took off the other. We all thought he was always such a wonderful and helpful man. Mom and Dad thought a lot of him also. I know you all will miss him deeply but one day the reunion will be sweet. Our family sends prayers and our heart felt sympathy to you all.

“ DR. Stinnett became my doctor when my family moved to Gentry . I was 10 years old at the time. He delivered my two girls. I have had to call him several times in the middle of the night because one of my girls would be sick. He would meet me at the emergency room with passion and concern. He was always there for my family and I. My prayers go out to Barbara and the family. DR. Stinnett enjoy that heavenly City as you walk the streets of gold. You well forever be missed. “ Dr. Stinnett was one of my Dad's good friends. Dr. Stinnett delivered my first two children. He was a very quiet man. When I was young I used to like to go over to the medical center and visit so I could get a lollipop sucker. When I was in grade school I remember Dr. Stinnett trying to talk Dad into letting me have medicine rather than a shot. Dad believed in shots. Dr. Stinnett talked him into it. I always looked up to Dr. Stinnett not only as a Doctor, but as one of the best people I knew in Siloam Springs. He will be missed. Jim Hall

“ When I moved to Siloam Springs in November of 1978, Dr. Charles soon became my personal physician and was until he retired. He was always there with great care and concern. Through his medical monitoring of my health he guided me through whatever my medical needs were, especially as I dealt with prostate cancer in 2002. After his retirement he was always gracious whenever our paths crossed. Praying for God’s Blessings on his soul and his family.
