“ Betty and Ivan were a positive influence on me as I grew up in Decatur. I will always think of them as my "Second Parents" and knew that I was always treated as a one of their children. Love them both and will miss them forever.

“ Betty and Ivan Duncan were two of the finest people to ever walk this earth. There are so many great memories of both of them - and they always were smiling and caring for others. They loved Decatur and its people. Growing up, Betty was always a room mother for our class - DHS class of 1970. She and Ivan would do everything they could to help each of us personally. The coldest football game I ever remember was at Greenland in 1967. Betty and I snuggled under blankets watching David play. It was always so much fun to visit with them at the Decatur Barbecue - after I left home. We'd have so much fun catching up on everyone and their families. I know David and Ivan are so glad to have Miss Betty in heaven today - not suffering anymore. To Jay and family - God bless and comfort you. They were God's finest!

*Betty and Ivan Duncan were two of the finest people to ever walk on this earth. These two were always loving and caring and were totally devoted to Decatur and Decatur people. Growing up, Miss Betty was a room mother for ever holiday for our class - the DHS class of 1970. They volunteered and personally helped everyone in our class. Even many years afterward I graduated from school, I would spend time at the annual Decatur Barbecue with Ivan and Betty, catching up on family news, laughing and just enjoying their company. One of the coldest football games I ever remember was at Greenland in 1967 - when Betty and I snuggled under a blanket watching David and the Decatur Bulldogs play. I was short on money and she bought me hot chocolate. I loved these two so - I was very blessed to have had them in my life. I know David and Ivan are so glad to have Miss Betty with them in heaven today. I pray God will be with you Jay and family - Love you all.*
