“ *Bill was a special part of our little community and will be greatly missed. His family were part of the Acre Tracts, a close group of families who looked after each other. My partner Charlie Janes and his family were neighbors. Bill's brother Bob was my classmate for 12 years at Watts then at Connors College. This was a fine family from earlier days of Watts. The town is changing fast but the loss of Bill and Wanda leaves an empty space that can not be filled. Phyllis Hines Hagan*

“ *Mr Spinks was the nicest man I've met. I lived by him for years. He was a person. He always made sure to wave and say hi. He always gave my grandson a quarter when he seen him!!!! Very sad that he is gone.*

“ *Near the end of World War II, I visited Granny Gregory (my maternal grandmother) in Watts, Oklahoma. There I met and developed a “crush” on my handsome cousin (7 years older than I). He came in to Granny's back yard riding a horse! My sympathy to his family that I never knew...his Yankee cousin Wanda West Warren.*
