“ I had the opportunity to not only work with but to meet Chris when he did work in South Texas for AT&T and myself. He assisted me with a big project in the Corpus area and so we spoke to each other on a regular basis. Chris had a great attitude and was willing to do whatever it took to get the job done. While I have not worked with Chris lately I did get to see him again this past summer. We will all miss speaking and working with him. My condolences to the family and his friends.
