“ I’m gonna miss her. She was always so funny when we were down at the water. It won’t be the same without her around for sure. I pray her family and friends find comfort that her long hard battle is done.

“*Connie was my mentor through my breast cancer. We spent summers in the water at our hole finding laughter and smiles. She was a warrior. Never missed a lick going to work through her battle. She was so impressive.*

She and her husband would chop down trees, cut them up, load it up and then split and stack. Her strength kept her going. I'm really going to miss her at the boat ramp on our near daily swims. Here's to you Connie, I am so thankful our lives crossed paths. I love you sister. May God wrap Bill, Cassie and family in his arms.
