“ My son and I share a unique close bond and friendship ❤️ A few yrs ago he had a cadistopic stroke zero % chance of life. His family gathered around his bed giving him so much Love he fought so very hard and opened his eyes on the 9th day. The doctors were speechless. When the doctor pointed at me and said Cory do you know who that is Cory looked at me and said my mom... His dad brother Christopher sister Cassi and myself never left his side all the way untill the phone call came in😭
Son I can't believe I'm writing on your obituary my heart is hurting for you so bad. Your family will never allow your memories fade and we will all make sure your son is cared for and dearly loved.
Mama loves you so very much son and I know you share that same love to me.
I can't wait to see you on the other side. Until then Cory please be with me always.

“ Cory had a grin and smile that would light up any room. I have lots of memories of Cory. He was going to grow up and be WWE wrestler. He and Chris Jr would practice nearly every night. His grandpa Leon nicknamed him the "Oklahoma Rattlesnake". Cory had a great sense of humor. He didn't have a serious bone in his body. He was an awesome little brother and an amazing big brother. You will always have a piece of my heart.
