“ When I saw that Dr. Springer passed away I was surprised. My family and the Springer family were so close for a long time. My parents were Wheeler and Faye Bond. I remember visiting the Springer family right after Danny was born. Danny was such a cute child, so full of life. I give my condolences to the family and especially to his sister Pat.

“ Dr. Springer was my doctor for over 30 years. I moved to Fayetteville 19 years ago but still drove to Siloam to keep him as my PCP. When they called me and let me know he was going to retire on the last day of March last year, I was crushed. I made one last appointments towards the end of March and I just bawled through my whole appointment. Like someone previously said, he wasn't just a doctor. He was a friend, a counselor, and he truly cared. There will never be another doctor like him. 🙏

“ Dr. Dan Springer was one of the best physicians that I have had the privilege as an Advanced Practice Provider in working with, I not only looked at him as my mentor but friend. After leaving the emergency department he wrote me the most wonderful letter of reference that I will cherish and appreciate in support of me not only as a person but provider. We worked many shifts together in the emergency department at Siloam Springs. He was always kind and supportive lending a hand to not only help staff but go above and beyond. Great memories drinking our Diet Mountain Dew and having time to share a laugh or two. He always talked about his family and the love he had for them leaving after work to arrange to stop and bring dinner and or go to Walmart to make sure they were taken care of. He was a wonderful human being a light in a dark world. He dedicated his life to service rest well in the hands of our lord and Savior Jesus Christ of Nazareth. Thank you for being so kind to me and to his family sharing him with the community.

“ Dr Springer was my Dr for many years and he was the best Dr ever, besides that he was a friend and a crying shoulder! He was family not just a Dr and we used to talk during my visits about his family and mine even if the visits were quick it was like we talked for ever! He didn't only care about my health but about my well being. When he tired I wished him the best! And now I know he is in the glory of my lord enjoying every moment! My respects to the family!

I worked at the Nursing home in Siloam Springs and he came to visit his patients there he was fun and friendly. I also worked with him at the hospital there, he always treated everyone equal never put his self above anyone when I knew him. He was my Dr when we lived there also. Just a great person. Prayers for his family and friends.
