“ I only met Dolores a few times, but have known and loved her daughter, Denise, for years. My thoughts and prayers are with them at this time. They were so attentive and helpful when my mother passed away, I wish I could be a help, but it doesn't appear that I can at this time. God bless all her loved ones.

MS

“ Dolores and I shared some great times together during her days of volunteering in the office at Good Shepherd. We shared a large love for traveling and swapped many stories of the places we'd been and were planning to go and hoped we could travel together someday. I always looked for her expert advice on just the right cruise match for me or place to stay. When we would quit daydreaming and start back on the task at hand (working) haha she always kept me in check assuring everything was filed correctly or organized in just the right way. She offered me much advice, I miss her expert opinion. We also shared a love for our little fur-babies, she was always asking about my little yorkie Bella and we shared stories about her little buddy sugar, and swapped many recipes. I loved to hear about all the wonderful things she baked for her church family and she offered up many quickie meal recipes to make for my family after working all day.

Dolores and her caring spirit made a huge impact on me during our time here together. She helped me in so many ways for around 4 years so graciously and so giving of her time volunteering at Good Shepherd with all of those that loved her and her great big hugs! I will forever miss you sweet Dolores. Thank you to her family for sharing her with us. Until we meet again.
