“ Dearest Donna and Debbie, I'm so sorry that I couldn't make the memorial. My mother-in-law who lives with me came back from Seattle early and I had to pick her up at the airport. Your mom was one of my favorite ladies. She was the kind of person that people went out of their way to try and take care of her. I really enjoyed when she came in. She wouldn't let anyone else take care of what she needed. She was special to me and I'm sure to miss her, as I know you are also. With deepest sympathy and regrets, Ruth
