“ *The impact this man had on me, both as a professor & friend, is beyond words! Dr. Gilbert prepared me for the business world and life in general. A lot of practical lessons were learn, such as the assignment notebook, keeping track of my own grades, etc. His constant encouragement & telephone calls will be missed.*

“ *Dr. Gilbert had a temendous impact on me personally and professionally. This holds true for thousands of other students fortunate enough to have had him for a class. He represented the best the teaching field has to offer. I am grateful to have known him and I continue to use him as a role model. He will be missed.*
