“ To all of the family of Eric "Gomer" Harris,
Eric was a great friend of mine, from the second we were introduced by a mutual friend. He took to my side for a lot of years side by side, two of the best friends any one could ever of have hoped for. A friends now a days that are only dreamt of, there to make you smile when your sad, lift you up when your down, to stand beside you when your back is against the wall, give you a dollar even if its his last, pick you up along side the road in the middle of the night when your car breaks down, be a hunting buddy even on the worst of huntin days, be the first one in the boat to the fishin hole even on the hottest of days. Those kinds of friends these days are literally one in a million. This news of Gomer has broken my heart, made me cry, and left me with a permanant scar , one that will be with me every time I fish, or look back at the pictures of the two of us riding/fighting bulls together. Eric one the most open minded, positive guy I have ever meet in my life even in the darkest of storms he always had some ray of sunshine. He was the guy everyone looked up to, he could loose a .25 cent yard sale shirt, turn around and find a \$500 leather jacket on his way home. Weve seen the open road together, shot some of the biggest deer in the 4 state area, caught some of the biggest fish together, and road some of the rankest bulls in the country, -Eric and I have seen and been through alot together from country side to the city streets, But as I set here typing this to you all, I am very deeply saddened cause with a every thing we have done and seen together.....Today.....We say goodbye to one of the greatest friends and brothers God has ever entrusted upon this earth. I was very very close to Eric for alot of years, He lived with me, and showed me alot of things in life even though I am a few years older. My heart and hand goes out to each and every one of you and you and going through this toughest of times. I am sure you know and remember me, and if there is anything ..and I mean any thing please call me I will be there for you in anything That I can do. -
