Such kind words. He had mentioned you before. Brian and I were friends for a couple of decades- our friendship a little difficult at times, but I tried to be a listening ear. David, Tulsa, Oklahoma

“ Brian worked at Franklin Electric with my Mom. I was his caregiver before he went into Siloam Springs Nursing and Rehab. He would tell me stories about him and mom working together. Every week we would go out to Braums for ice cream or a burger after getting his hair trimmed and face shaved by the girls at the Glow Lounge. He was a nice guy and will be missed.

Brian had mentioned his strips to Braum's, etc with you. He and I have been friends for a couple of decades. He was a complicated person at times, but I tried to be there for him. David, Tulsa, Oklahoma
