“ *This is a continuation of Frances Queen. She and George used to babysit for us when they lived in a farm house west of Bushnell, Illinois. We had seven children and they would sit for us once a month. I always had the children in their pajamas and ready for bed and made them popcorn so they could have a party with Frances and George.*

“ *Frances lived next door to my family. She was so kind & thoughtful. I loved the ginger snap cookies she would make me on my birthdays & holidays. On my wedding day, she gave me her secret recipe tucked inside a card with a sweet note. I was so honored that she would pass this on to me, the card is still tucked in my wedding photos after 29 years. I think of her each time I bake those cookies. She was a true angel.*

“ *I remember how faithful Frances was when going to the FBC at Siloam. She was always there when she was able. But, she was truly faithful to the Lord.*
