“ As Frankie's elementary principal I expressed to him how proud I was of him and what a handsome young man he was. He always smiled that beautiful smile as if he was embarrassed. I recall the positive influence Mrs. Karen Showalter and Coach Bill Earp was to Frankie when he needed a guiding hand. My deepest sympathy to the family and I hope Frankie knew how much he was loved by me and many others. God bless each of you.

“ I remember when my daughter asked to have you come over to meet me. You were the most polite well mannered young man I had ever met. I had no Idea you would be my daughter's first love. She waited to see your face, we called everywhere to make sure you were getting treated good and my son even asked if he could bring you back and forth from where you were to see your mom and dad you missed so much! The night I heard, I called every hospital and every favor I had from an emergency responder to find you. Once you are an honorary member of our family THAT'S forever! That never will change sweetheart! Your heart and soul were too beautiful for this world, like it was unreal, because you surely were a gift from heaven GOD needed you back to restore the laughter and hope in heaven! I love you baby! Love mamma D!

“ I was heart broken to hear of Frankie's death. He was a favorite of mine. I enjoyed his hugs and smiles when I'd see him in Walmart. Karen Showalter -his second grade teacher
