“ *I remember getting to know George when he worked in the tire bussiness, I needed a set of tires for my truck and got to know him through Georgeana and I knew from my first handshake with him that he was a good man that still done things on a man's word and handshake. That my Grandfather and Father raised me up teaching me that was the way it was done. He was a great man, I am so glad I got to know him and have some good memories of visiting with him and his wife at there house. My heart and prayers go out to a great friend Georgeana, Her Mom and the rest of the family. May God comfort you all in this time of loss.*

“ I knew George my whole life. He was such a sweet man and always had a wonderful smile. While I know he will be missed greatly, I also know we will see that smile again. My thoughts are with his family.

*He was such a positive influence on me personally. I remember he was never without bubble gum in his pocket for all the kids. Heaven is a sweeter place now. His contribution to the bus ministry at Harvard Avenue was so valuable and made such an impact on the city. What a great man of God.*
