“ *My wonderful brother-in-law. We have had good times and not so good times but always loved the family and had lots of fun together. I loved cooking for him. He had a great appetite. Lisa took such good care of him. She was his treasure. She is all of our treasure. Lots of stories to tell and we listened to them all. I will miss him but know he is happy in heaven with Tresa, his parents and Mom and dad.*

“ *Uncle Glen was nearest and dearest to my heart as an uncle can be. He favored our beloved grandpa Madden so much and that always made me feel like he was always a special connection to grandpa too. My favorite memories were spending summers with him, Aunt Terri and Lisa and Kelly. He was a huge part of my life and will be forever missed. Love you, miss you! So heartbroken to have to let you move on from this world. I know we all will see you again in a happier place.*

“ *My family lived next door to his family when we were all in high school. We all became family. He was a big brother to me. All of us kids ran around together and always stayed in touch as we got older. Memories that noone could ever take away. See you later Glen. Love you*

“ *It's so hard to pinpoint anyone particular memory. I have a lifetime of moments with my grandfather. Very great very honest very proud man of everything he had done and he had every right to be. He's also a very big part of who I am today. Showing me that determination and commitment will get you far in life He will be very missed. But I'm very much feel that he will live on through all of us.*

“ My favorite memories of Gramps were listening to him and his great grandchildren chat each morning, before school. He was always up and ready for them to hangout and have a few laughs before catching the bus. I will forever be thankful for how good he was to my children and how accepting he was of them, even though they weren't his blood. Thank you for all the great times and laughs we shared. You will ALWAYS have a special place in my heart!!!

“ My father was, is and will forever be, my first love. When I was a little girl, I called him "Daddy." As I grew older, I called him "Dad." And, now, he is forever immortalized in my heart as Daddy. He was my precious, strong, handsome Daddy. I will miss him more than I ever imagined. More than mere words can express. Until we meet again, Daddy, I will carry you close to my heart and deep in my soul. I love you. See you soon.
Your loving daughter,
Lisa

Glen, I met you when you were my husband's foreman and you were living in Jackson CA. We used to have so much fun at your house. If it was a Sat. night though, you'd ignore everybody to watch the fights. I loved you so much' R I P my good friend.
