“ Brian & famil-Grady was one of my favorite grocery owners to call on the 37 years I worked for Kraft Foods. I only knew for 15 years of my career but he impressed me the first time I met him! Not only was he a good grocery man , he cared for his customers and vendors!! His greeting to customers,"everyday is a great day at IGA" always brought a smile to my face. Grady loved his family so and wasn't bashful to tell you about them! I am blessed to have known this fine man!! May prayer for the Lamb Family is that the good Lord will give you peace in the days ahead!! God bless

“ *I was very sad to hear of Mr. Lamb's death. In the two years that I lived in Siloam Springs (2007-2009), he was always very kind and welcoming every time I saw him at IGA. He was a respected pillar of the great Siloam community.*

“ I told Grady once that I remembered coming into the IGA when it was still Milsap's down on main street every Wednesday with my mom and my Grandma and Grandpa so that we could get double green stamps and he said that he remembered my grandparents even though they have been gone for over 30 years! Those are the kinds of things that made him such a special man.

“ Grady was a great man. He ran a wonderful business, friendly, clean, and would order anything special you wanted. I know he is where he wants to be back with Kathleen. He would be at the door of the store greeting you with a smile and handshake, and thanking you for shopping. Will keep the family in my prayers.

“ The world lost a wonderful human being! Grady was a part of our life in Siloam Springs from our first trip to Millsaps IGA the week we moved in. Mother and Daddy absolutely adored Grady and Kathleen (so sorry for her loss too, which I just learned about) they were so good to them. That affection also extended to the kids and grandchildren. One of the joys of coming back to Siloam for a visit was to see them at the store (it never crossed my mother's mind to shop anywhere other than IGA!). Please know that all of you are in my thoughts and prayers at this difficult time.

“ Grady made grocery shopping something to look forward to...always smiling and greeting you with such a cheerfulness that left you feeling so good. I've never, ever ran into Grady anywhere that he did not take the time to stop and talk. He contributed so much to our community and will be greatly missed.

“ I remember the first time I met Mr. Grady, it was the summer of 2010. My husband and I had moved to Siloam and as we pulled up to Barnett's, there he was with ice cream in each hand. One for he and his wife. He said they would come every week. He always had a smile on his face when I saw him, whether at Harp's or around the community.

“ I worked at IGA for over 11 years. Grady is a man that knows how to treat his customers like they were family. I learned a lot working for him. Customer service is the key for better sales and customer relations. Making the customer feel welcomed and happy with their shopping experience is what brought ppl to IGA. You can't find that very much anymore. But Grady made sure that your business was appreciated and please come again. Grady will be missed. I have a place in my heart for him and his wife Kathleen.

“ *My mom, Betsy Yeager Morgan worked for Grady in the Bakery before my time, then I remember going with my mom grocery shopping as a kid, Grady always greeted us at some point in the store, genuinely cared about how we were doing. Always seen to it I got at least one cookie from the bakery, sometimes two. Grady was my first employer too... I had the pleasure of working for him two different times, he was a wonderful man. I recall being called to the front to help sack groceries, it was winter, snowing and the parking lot was a mess, we were very short handed and he was right there with us sacking and carrying out groceries wet to his knees. He took pride in his store and relationships with his employees and most importantly his customers! He will be greatly missed and leaves behind a great legacy!! Thoughts and prayers to the Lamb family.*

I enjoyed every minute as I shared with him my short knowledge of Word and Excel which I think I have learned so Much more from him that he did from me. Such a humble, smart, and perseverant gentleman! Thank you Lord because you gave me the opportunity to meet him and his wonderful family which is the most important legacy he has created.
