“ Aunt Greta was my role model as a child, as a teen and as an adult. Her elegance in style and that high pitched giggle always made me happy. She and my Uncle lived with us for about a year in Tulsa until my Uncle found a steady job. Karla, was about 5 months old when they came to live with us.. Even in a horrible marriage, Greta found a way to laugh and find something good in every day. When she, my Mother, Daisy Coulson Morefield, Karla and I spent weekends together in Rogers or they came to Mother's house in Gentry, there was never a pause in conversation, Greta doing someones hair or playing dominoes. It finally hit me around 2:00 am this morning that my Aunt is gone forever and I wont see her precious face again on this earth but all the things she taught me will continue to influence me the rest of my life. RIP until we meet again on that heavenly shore. I love you and am sorry that I didnt know, or I would have been there to see you off. You will always be in my heart. Your niece, Mary Frances Morefield-Allen.
