“ I remember visiting Uncle Harry and Dorthy when i was in junior high. Mom and I came out to visit family. I loved staying at their house and thought it was really cool to sleep in a round bed. Since we lived in CA we didn't get to see family very much but i enjoyed our trip and family. Sad that it has been over 40 years now and i didn't get the chance to go back. Blessing to you and your family.

“ I met Harry when my father moved into Grandwood in August of 2015. They sat at the same table for meals. I loved to visit with Harry. He talked to me about being a barber, and of fishing. He was always pleasant and friendly, even as his health deteriorated. Both my sister and I remember him fondly. Nancy Flowers, Grove, Oklahoma.

“ Harry Smith was a dear man in my life...my parents were close friends with Harry and Dorothy before I or their son Jack Lee were born. My childhood memories of visits with them are of feeling loved and welcomed in their home having fun and always lots of laughter and good food.

My parents loved to travel from wherever we were to visit them in Arkansas and Oklahoma where they spent the latter years of their lives... they both worked hard seemed to be thrilled to see us every time. They also would travel to visit us as well.

Words seem empty in recalling their love and friendship that meant so much to me and my family. Tonight my heart is broken....I will always cherish the memories of their lives their love for one another, and their family and great kindnesses to us.

With love, sympathy and prayers to Jack Lee and his family,
