“ We moved from Il. to the Village about the same time as Helmut did, joined BBC about the same time. We had him in our home and he had us at his apt., with a splendid meal. We served at BBC together on several projects and just loved being in his presence! We enjoyed his testimonies of God's love.....his courage, his faithfulness and determination to work for the Lord as long as possible. We have written him a few times since we moved and he, also, moved. We spoke with him after Christmas and he sounded so worn out. Thank-u for being just good, caring relatives to him. I know the Lord will bless you, as he did Helmut. He sent me a picture of himself last fall and I treasure the memories we have of a sweet Christian man now walking the streets of gold!!
