“ I only knew jack a few years but I really value the time I knew him. Jack will always be rememberd by me as a good man and a hard working man. Jack cut a tree down by the side of my house so it wouldnt fall in on my house n knock my house down. The stump of the tree he left behind I left it there as a reminder of the man he is and was. Jack once said he knew what he was and that was a hunter n fisher, well jack was alot more than that. Ill never forget you. Im glad I knew you. I saw you like a father. Im sorry Clint for your loss. Your lucky to be able to call him your dad.

“ I am very sorry to hear of Jack's passing. Most of those that will read this will have no idea who I am but I am a cousin. My father and Jack's mother were brother and sister. I know that Jack will be missed by those that knew him but remember that you have always got him in your heart and memories. You can keep him with you and share all the good and even the bad memories with others. The bad will fade and the good will prevail. Pass on the stories and let others know what kind of person he was. My thoughts and prayers are with all the family and friends during this loss.
