“ *I have so so many memories with Crystal and James, but one that really stands out is a time when I got a ticket and he has just started working for siloam police, the cop he was with, was being pretty harsh on me about a few things and James walked up and asked him to stop, and said that he was a friend of mine and had known me for years, and I had some hard times but that I was a good mom and a good person and asked him to be kind to me. That meant so much to me. Always has and always will. I will remember our silly memories as well for forever. I'm so sorry Crystal and family, Crystal if you ever need me, you know I am here. Love you guys.*

“ *I had the honor of serving and learning with James (Jimmy, as we called him) at Ft. Leonard-Wood in 2009 for Emergency Management tech school. He was a natural leader. So kind and funny. I always think fondly of him when I reminisce about those times. My thoughts and condolences go out to all of James' family and friends. He will surely be missed by all who knew him.*
