“ 41 years ago you became my bestest friend. You're so much a part of my heart I can't imagine your spirit not being in this world. When you moved away or when I moved away, we'd come back together like time never passed. I'll see you again soon. As we always said, I'll say one more time! I love you bestest friend! Marla, Jerry and Carol, you're not my friends sister and parents you're my family and I love all of you dearly. I'm here when or if you need anything, small or large! Neil and Josh, she loved you two unconditionally. I extend my love to you too, and anything you need, you only need to ask. I'm more than willing, in fact, I'd be honored to help you in any way you may need. This world isn't as good as it was on April 7th. There is a piece of my heart missing that won't be healed until we meet her again. May we all be seek refuge under His wing.

“ Many thoughts and prayers to the Bifulco and Buckmaster family! I have very fond memories of Jana during High School and beyond. I remember her moving to Colcord and we became good friends very quickly. We cheered together, laughed a lot and had many sleep overs! She was my maid of honor at my wedding almost 38 years ago. We kept in touch for several years after that and ended up living in California not too far apart where both of our first children were born (I'm pretty sure the same year). You will be truly missed Jana!
