“ So sorry to hear of Jerrell's passing and I wish to pass my sympathies on to his family. I used to work from time to time doing electrical work for Jerrell when he managed the Flint Ridge Water System. He was always so appreciative of me coming out to help him. He came on a little strong at times, but he had a great big soft heart. May God bless your family as your life goes on without him. I have just experienced the loss of my father and I know how difficult the change can be.
