“ I served with Jesper in Germany while in the Military. He was such a free spirit and was a unique, kind and generous person. I flash back to old memories and the great soldiers I served with. He always stood out and obviously made an impression on me so I decided to see what life had brought for him so many years later. We were there in Germany in 1987 1988. I was saddened to find he has passed. My prayers and hopes for his Wife and Family. He had a memorable smile that lit up a room. Best regards and so sorry for your loss.

“ I will always think of Jesper at Sherwood Forest on chicken chore with a bunch of little girls with grins on their faces as they locked him into the chicken yard with the birds. He was so kind, and playful in a sweet quiet way. The kids loved him and so did we all. He will be so greatly missed.

“ Dear Melody, I have such fond memories of Jesper from our camp days. He was so real and pure in his personality. An integrated soul. I'll make plans to take that walk up the Nassell river now to relive our crawdad hunting, river exploring, rock skipping days. I love you, Katy
