“ Kate Sullivan McKain, Doug Curran, Monte Wooten and I (Clara JSmith Garrett) along with others started playing together in grade school and became friends and were friends through high school and beyond. Some of us even ran around together in high school. After high school didn't see him much until class reunions. After I retired and moved back to Gentry got to see him from time to time. He was very proud of his son and grandson and loved them very much. But he also loved Paula and always talked about her in loving terms. I know when he first got sick he told me he didn't know what he would do without her because she took care of him and shortly after he got his cancer diagnosis and started treatment he ended our calls and he said he would call me when he could. Never heard from him again. I've called several times to check on him but no answer. He was a good friend that was funny and most of the gang that ran with him years ago could say he was funny. Rest in peace Johnny and thank you Paula for helping to take care of him. I'm sure Cody did as much as he could also. I know this was lengthy but just had to say this.

“ In Gentry high school, which was full of very nice and friendly people Johnny was among friendliest. We played many games of snooker at the old Siloam Springs pools hall which he usually won and made a couple trips to Noel, MO to Shadow Lake. I regret not seeing him in many years. I will miss my friend. Rick Booker

Johnny and I started and finished school together in Gentry. He was a friend and was liked by everyone. Always polite and kind to all. Years have passed and we all get separated and neglect to stay in touch. I hope that his life was a happy one and I'm sure he left many good and happy memories to all that were near him, and he will be missed. Delbert (Del) Lamphear
