“ I am so sorry for the loss of this woman. I did not know her, but was at the site of the accident. I was on the way back from a weekend at the lake and me and my family were the first to arrive at the scene. I am terribly sorry for what happend to your beautiful Katie. I will keep you all in my prayers and will never forget Katie, even though I never even laid eyes on her. I know that she is in a better place and has become one of the angels that she seems to have loved.

“ There is no way to express the pain I feel at the loss of my beloved niece Katie. In all my days, I have never met another human being as vibrant and full of life as our beautiful Katie. From the day she was born, she brought pleasure to all who were fortunate enough to know her. She was naive and spunky with a heart as big as the sky. She was a loving mother and wife and a niece I will think about until I draw my last breath. Once Katie entered your life, she was there to stay. Just because we can't see her anymore, doesn't mean she won't be with us. She will always be in the hearts of the people who loved her. She was preceded in death by her father Chuck in 1996. I don't know if there is life after death, but I feel better knowing she is with him and he will look after her along with our lord. She and her Dad had a special bond that will live forever. She had a special and different bond with her Mom Mari, also. She always looked up to her Mom and counted on her for everything. I can't imagine the loss Mari feels and I hope I never have to find out. Katie left an everlasting joy in the people who knew her best and I for one thank God for allowing her to enter my life. I will miss you my precious niece. You were a joy I will never forget. I love you.
