“ to the family of kevin i did not know kevin for long but i give you my condolences. I was by kevins side when kevin decended from this life.

I got to speak to kevin for a good while before he passed he gave me his name and his hometown. I noticed he had a harley shirt on so i tried to talk to him about bikes to comfort him. I was honored to be by his side to hold his hand through this. I know he felt better knowing i was from his hometown it was like he had a brother by his side. i give my condolences again to the family of kevin.

“ A great loss was felt by all the day god called you home Kevin. Even though the last time we were all together was for a heartbreaking time we still managed to make the best of it and enjoy each others company with lots of laughs and heart felt conversations. You will never be forgotten. Aunt Sandy I know there will never be any words to ease your pain just know that if I can in any way help you with just an ear to listen or anything I am just a phone call away day or night. I know the pain of loosing a child is different for everyone but they are so very close to the same as well. It has helped me over the years to have someone to talk to that has experienced the loss of a child too so please don't be afraid to call. My heart goes out to the entire family love you all.
