“ I would just like to say how much I loved Kimmie. We were classmates and friends. After graduation, we lost touch, as so many of us do, but she was never forgotten. I saw Krista, Karen, and Robert every now and then, and I always asked about Kim. We had so much fun together as kids, and I regret that we lost touch and didn't continue that fun as adults. Kim was a beautiful person with the most beautiful heart. I would like the family to know my thoughts and prayers are with you all. I LOVE YOU KIMMIE!!

“ Lacey my prayers and thoughts are with you. You had a wonderful mother. I have known her for about 4 yrs now. She has taken mine and my sons blood several times out at mercy. I just saw her and you out at mercy about three days before she died. It is so hard to believe that she is gone. I really like her taking my blood, she was always so happy and bubbly. I will miss her greatly when ever I go out there. I count it a great joy to have known her.

“ Lacey your mom was so excited that you had decided to play ball again. I know this has to be a tough time but if you ever just want to get away and throw the ball around or get out on the ball-field please let me know. Your moms face lit up when she watched you out on the feild. I so enjoyed getting to know her and will miss her very much. What a great lady.

“ ?Come on let?s dance? she yells, as the new Garth Brooks song begins to play. Grabbing my arm, we run to the middle of the dance floor. It was there you could find her. Not sitting out, but ?dancing?. I am proud to be able to call Kimmy my friend. Kimmy and I were roommates post graduation. We worked, lived, cried, laughed, shared our deepest secrets, and all of our crazy dreams together. That?s when I learned that microwave burritos were in fact not a food group. Starving, we would sneak over to Kimmy?s mom and dads so we could eat some real food, momma?s home cooking. Thank goodness she never turned us down. The love you felt from Kimmy and her family was unlike any other. They all hold a special place in my heart. I could go on and on about our times and experiences. Lord knows we had some great ones. Fast forward a couple years. We were starting our own families, Lacey was born exactly 7 days after my daughter was born. How many best friends get to experience that together. I remember screaming ?Oh Kimmy she?s so pretty!?. Lacey you were a pretty baby, and you have turned into a beautiful young lady. As I look back upon our lives I smile remembering all the great times we had together. Kimmy has touched many lives, family, friends, and co-workers. I know all of you, have some ?special story? about that million watt smile of hers. Because she had the ability to touch each and everyone in a special way. So as I close this tribute, I want to say may the Lord walk with Lacey and all of Kimmy?s family, friends, and co-workers that hurt so deeply. Lacey, I loved your momma. She was a unique woman with a heart of gold. I miss her?..deeply. God Bless All!!! Candy (Barnes) Barton

“ Words cannot express how much Kim will be missed or how to comfort you, her family. I have know Kim for several years as I have done her tax preparation and we always set aside extra time to chat about good and bad things in the past years and what we could do to have a better year, financially and emotionally. Let your grief be comforted by knowing that we as fellow Christians have life everlasting with our Lord and Savior. God's Blessings to Lacy and to all the family.

“ Dearest Family of Kim,  
I am Truly sorry for your unexpected loss of such a loving person. May God give you all comfort, strength and courage for the days ahead. Remembering Kim through her daughter will now be your greatest blessings fomr her and our heavenly Father who knows all things. I personaly only knew Kim as the aweet lady who so gently took my blood at the lab once a month. And was my short term A-von lady. I said to her once I don't know what I'd do with out you b/c you do such a "great" job and make me feel so comfortable and childlike. (I hate needles) She just smiled and said "no fear we're all good here at MHC", and was modest of cause that was her Mercy Spirt talking. I will truly miss here along with alot of other loving, caring and friendly co-wokers and patients here at MHC. May God be with you and yours, and bring you rainy day kisses from the Angles and may the Sun Shine down upon you with her warmth.

“ I'm not sure where to even start! Kim was always a friend, she always had a positive outlook on things. It took me completely off guard when Johanna called and told me. My 1st thought was oh my god what about little Lacy!! What is going to happen to that precious little girl, that was her mommy's life and ray of sunshine!! Lacy, your mom loved you more than you can imagine! It was only 3 weeks ago when she drew Steffani's blood. Karen, She couldn't wait to go on the cruise with you! She was so excited! Atleast Karen you have 1 last very special, loving memory to hold close to your heart! Kim may be out of our sight But she will always and forever be in our memory's! It is hard for me to even grasp, I can't imagine the heart ache you all are going through!! Just hold on to her memories & remember 1 day we will see her again, but till then she is watching over each of you! You are all in my thought and prayers! If there is anything I can do please call me! Kim you will be forever missed!

“ Hi Lacey:

*My husband and I had the privilege of being a part of your mother's life for many years. We first met her through the Mercy Lab, her place of employment. Most people probably hesitated to have lab work done, Kim made it really fun! I recall seeing your school photos on the wall and your pictures you had colored for Kim. I also enjoyed having the opportunity to share that part of her life too. Thanks for sharing your talents with us.*

*God used your mother as His beacon of light to witness to others in need. Kim added so much to our lives, we miss her joyful personality and wonderful smile. Since your mother was wonderful with lab patients I'll bet she was a fantastic mother for you.*

*I (Sue) really had the opportunity to know your mother even better when I started selling Avon, February 2000. Kim and I really became very close friends and she has helped me through many tough emotional times here of late. She really touched my life and I'll always be grateful to her and keep her memories in my heart.*

*Kim felt like family to us, so if my husband and I can do anything for you or your family please let me know. I can listen really well and give lots of hugs.*

“ Kim and I worked together for a few years at Wal-Mart Claims Administration in Rogers. We were best friends. When she left Wal-Mart and went to work at Mercy Medical Clinic we lost touch. I don't know why and I really regret it too. Just last week my son and I was watching a video that I had made at their house on Christmas Eve 1998. My husband, David, dressed as Santa and we took a present to Lacey. Kim told her if she cleaned her room Santa would come and bring her a present. Lacey cleaned her room! Santa gave her a pair of Barbie roller skates. Kim also sat on Santa's lap and gave him a big hug and kiss! Santa gave her a set of Canners with Apples on them. She must have been a good girl too!

*I grew very fond of Lacey, I thought of her like she was one of my own children. I shared in her accomplishments and disappointments with Kim.*

*I just want to let the family know you all are in our prayers, and if there is ever anything we can do please feel free to give us a call.*

“ We loved Kimmie and want Tony to know we are here if he needs us. I just saw her the other day and we had no idea that would be the last time. She was so excited about lacie getting to go on her trip in the next weeks. Please let us know if you need anything.
