“ *I hate that we only had a few short years to get to know each other. After we finally found each other we quickly learned as much as we could about one another. I must say those were the most special and memorable times I will always remember. We spent many days exchanging stories, and shedding tears of happiness. She was always so kind and sweet, always making me promise to get to know the family I never knew. That part is slow because I hardly know them but I will keep my promise. To my new family my info is above please use it. I am Sherman's youngest son. I will miss you Granny but I'm so happy to share the time we had!*

“ I will always love and miss her very much. She would always make me smile and i loved to go and see her. When we would go see grandma at the nursing home she would always run people out while we were there it was so funny. After she started getting to where she couldnt feed herself i would go up there and feed her when i could and we would just bond and i loved doing that. I love u Grandma and I miss u very much!! Love Ashley

“ Leota was a very sweet, loving lady. She went to church with my grandparents. She was alot of fun and I will always remember the wonderful memories of her. She made a beautiful quilt and the church raffled it off, the dinners at church and get togethers. She was a good person. May God Bless You All...my thoughts and prayers are with you.

“ I always thought of 'Aunt' Leota as a sweet, gentle lady who I was very fond of. She was a quiet, loving human being who endured a lot of loss and pain in her life, but never showed bitterness. May God touch the lives of all her descendents whose lives were touched by this precious lady.
