“ *Mrs. Ezell and family,*

I knew 'EZ' from working with him on the KCS in the late 70's. He had a quick wit and a huge smile. My father, Jack, always spoke highly of him and shared many humorous stories about how they did (or did not) follow proper railroad procedures. The story of a railroad watch comes to mind.

My family's thought and prayers go out to you during this very difficult season of your lives.

God Bless,

Mike Scacewater & family

“ *I work with with Eze from 1973 until he retired. I started out working the same shift in Heavener that Eze worked in Watts. In 1980 I went into management but kept in contact with him thoughtout the years. I was fortunate to come back to Heavener as a Trainmaster when he was a clerk in DeQueen. Their are to many stories to relate other than to say he was well liked by all and I was lucky to call him my friend. Donnie Morrison and I visited your home a couple of years ago and now I am proud we did. My thoughts and prayers are with you. Sincerely, Ray Luman*
