Lucy young has been a very special friend to me and my family for years. I worked with her for many years at dayspring. She had a kind heart and always thought of others before herself. She was with you through thick and thin and always found the good in people. Everyone who knew her loved her. We laughed many laughs together and cried many tears together. She would share her last bite with you if were needy. A very loving lady that will never be forgotten by many.

Lucy always seemed to have smile on her face and was ready to share a funny story with you. She was a special classmate at Townville High School. We missed her at our recent reunion and will remember her fondly.
