“ My deepest condolences for your loss. Even after all the time I knew Marty, he was a good man. Mark and Frances did a fabulous job raising such good children . I know I was much younger than him, He was a great inspiration to myself and my sister. He will be greatly missed and no one could live the life that he did and touched so many lives. God bless you all and your families through this difficult time. Many prayers going out for your peace and comfort from God.

“ Marc and Francis, very sorry to hear of your loss and the sadness you are going through. Wish there was something I could say to take it away. Heavenly Father: I ask that You be with this family. I ask that they turn to You for peace and healing, and also that they turn to each other. Let them not dwell on the what ifs and could have beens, but treasure the love and happiness that they had. You have never promised an easy walk for any of us, but You do promise to help us through, and no matter how bad or low things may be You are still God Almighty and love us no matter what. Amen.

“ Marty and I worked together on the North Slope for a long time, 20 years.

I always looked forward to "sparring" with Marty, over almost anything.

You knew when you saw his smile, (the great smile he had) he was two steps ahead.....and you better have a comeback or you would be left stuttering.

Too young, Too soon.

My prayers for his family through this difficult time.

May the Lord give you peace.

He will be missed by all who knew him!

“Marty & I were on the same crew when I started in the oil field 22 years ago. I benefited from his knowledge as he was very willing to train and bring a "green" hand up to speed. He did however, enjoy giving me a hard time on many occasions but this environment really helped me transition into a new career on the North Slope. Typically oil field crews tend to be competitive amongst one another. Marty & I certainly were no different. We would bet or challenge one another on mostly goofy stuff. One bet that comes to mind will certainly be remembered by most. He stated that he was going to get a burr haircut the next summer because of the heat. I said, "you love that perfect hair too much to get a burr haircut". Of course this got him going and he challenged me to a bet. If he got a burr, then I would have to shave my head to skin. Well.... he held up his end of bet! He made sure to find me as soon as I landed back on the slope to get started on the head shaving. With the combination of side burn trimmer, electric shavers and razors I fulfilled my end of the bet. After the hitch was over, we had another good laugh. My two young boys didn't recognize me and were a little freaked out!

Gonna miss you big time Marty.

“ It saddens me to hear of the loss of such a great person. I worked with Marty for 20 years in the oil fields of prudhoe Bay, Alaska. Whenever we would run into each other Marty would always be wearing a smile and have the best of attitudes even through the difficult times.
Marty will be missed by many and he surely touched the lives of many during his time here. God bless and prayers out to all of the family during this time.
