“ I learned how to dive by taking a college course while getting my degree. Since then I have continued diving for the last 35 years. I have been diving all over the state of Missouri, which has some good diving sites. Did some ocean diving once in the Florida waters and thoroughly enjoyed it. I hope to be able to do more ocean diving in the future as I get closer to my retirement years.

“ We our family moved to Arkansas in 1967 we lived a few houses away from the Einhellig's. John and I would commute back and forth through the woods and fields to each others house. Have spent many days as a child at her house, memories that I will never forget. She was a wonderful lady and a pretty darn good cook too! She will certainly be missed. My condolences to Cathy, Mary Lou and Bill and grandkids.

“ *Jim has known Margaret and lived next door to her since he was a teenager. I met Margaret when Jim and I married and she graciously hosted a wedding shower for us. Through the years, Margaret and I passed many afternoons on our front porch watching the traffic on Hwy 59 while my children played in the yard. Margaret was always there to support our family and I missed her when she moved to town. She was a strong woman.*
