“ *Margie Ames was an awesome woman! I've heard nothing but great things about her especially from my late husband, John, he thought the world of her and her whole family and they were awesome to him and his family! We know where she is now and I'm sure John has found her and reminiscing! God be with you all and help you thru this tough time! God bless! Amy Honeycutt and family*

“ *My family met Margie at her 80th birthday party. In the years after that birthday celebration, we visited her many times with our son and his ex-wife, Tina. It didn't take long to find out what a considerate and fun person she was. Even though we haven't seen her in the past three years or so, she will be missed in our hearts.*
