“ *I never met Marj's family, but there was never any doubt of her very strong bond with all of you and please know that my heart breaks for your loss. I worked with Marj for several years at Allens and she was a very honest, hard working, kind hearted person and I am so blessed to have known her.*

“ *I never heard Marj say a bad word about anyone. She was such a kind soul, a wonderful friend, and a hard worker. She loved her family more than words can describe, She took great pride in her job at Allens, no matter what the assignment, and did it so well for 33 years. Her legacy is one of love for the Lord, her family, friends, coworkers and even total strangers... she would help anyone in need. I am excited for her that she is in the presence of Jesus and free of pain.... but we will miss her terribly.*

“ *Marj was not only my co-worker, my friend but my sister! I have know Marj for at least 30 year's. I can't recall a time that Marj ever said something bad about someone else. I am going to miss her so much. I will always carry a piece of her in my heart and think about her often. It isn't going to ever seem right going to work will never be the same. After seeing some one 5 days a week for 30 year's it is going to be so hard. Mamma Lou, Brother Bill, Brother Arron and Brother Jim I hope you know how much she loved you. I will always consider you to be part of my family. May you find peace and comfort in the coming days. As we all start this next chapter in our life I hope it gives you comfort to know that some day we will see her on those streets of God. I am always here if you need me for anything! I love you all!*

“ I don't even know where to start as there are so many things that stand out to me. How can you say all the good about Marj there is? She has always been such a good and caring person. I remember days when I would be down and I would go by the plant and she would say, "It's gonna be okay Tawner!" I loved her like she was my family and my kid's called her Aunt Marj. I remember spending many hours at the lab helping Marj "test" the product. She knew I loved garbanzo beans and every time they would can them she would always tell me to come taste them still hot out of the can. She used to say you are my special taste tester! She always worried so much about others being taken care of and getting them here and there where ever they needed to go. She would say I am gonna be okay, don't worry about me! To the family, There is not another like her left here on this earth. But God is going to carry you all through and hold onto the memories. For all the family, you was one of the things that kept her going. She loved you all so much and I am glad to say I experienced that love from her as well. I am always here for you to help in anyway possible. Just let me know! I love you all may God wrap his arm's around you and comfort you with peace. Lean on each other because that is the only way you will make it through! I love you all! And Marj, I am going to miss you but you are in a better place and you have that new body and you are now cancer free my friend!
