“ Mike was a very, very good friend of mine. I think (hope) I've been his best friend the last four years. Mike would literally go out of his way to help and he did so many wonderful things for me. He talked about sharpening knives and I had a couple that were dull and he said "bring them to me." A couple of days later he opened his door and had a grin on his face and gave me my knives. I can literally shave with them. We visited often for hours and I learned about his life. He's someone I felt I knew my whole life and we probably met years ago because we knew some people only a few other's knew. He told me about growing up in Guymon, Oklahoma. My parents met and married in Dodge City, Kansas so I was familiar with the area and it made it so real. Mike was the real deal! He moved to Rogers as I did in the mid seventies so I also knew all the places he talked about. Our paths must have crossed many times. Mike was as good an honest as anyone I've ever known and I miss him deeply. I haven't cried in a long time but I have for Mike. Mike YOU are one of the best friends I've ever had. Love and Peace my brother. I hope to see you again and you won't be in any pain.
