“ I met Miriam in 2019 when I started working for SSNR and she was the sweetest, kindness and Most helpful person I have ever met. We both worked weekends so we were with each other quite a bit. We became friends and one day I was wearing an LSU jersey and she just could not imagine I was from Louisiana. She went on and on about LSU. Just to tell you how remarkable I thought she was, one day I was upset because I had just been informed my 28 yr grandson had a brain tumor, had surgery was recovering when Miriam came in with some LSU face mask to wear while he was in hospital. That's the type of caring person she was. She came into SSNR last month and looked so good, she was laughing because her hair was growing and had many curls. I will never forget this lady as she was truly one of a kind.

Aunt Miriam was like a second mother to me when I was growing up. The majority of my most cherished childhood memories involved the times my family and I spent with her and her family in Northern Louisiana and on our vacations in Florida. She was so kind, thoughtful, and loving. She had a marvelous sense of humor, and I am so very grateful to have had her in my life.
