“ I've said it before and I'll say it again, I cannot imagine a world without Sue Hurt in it! Not every person can be the most special person to her, but she had the ability to make all of us feel that way. There are very few people like her in this world, and she will leave a huge void! My life is so much richer because she was in it because I can call her family! One of the proudest things in my life is to know that someone in my family was smart enough to marry that woman!! Glen Hurt, I'm sure you were happy to greet your Beloved! She will be missed.
