lovely but she also had another whole side of family from her mother Donna, who she lived with also and loved her dearly and miss her so very much!!...but at least she is in Heaven with her mother Donna who passed away before her with cancer...and left behind her 2 little brothers, Tanner and Trey, who miss her more than anyone of us could. May God bless them, and comfort all who cared.

“ Nicole was one of my best friends growing up. Unfortunately we had drifted apart as we got older. I will forever cherish the moments we had together because we always had a blast. Playing basketball with you and tearing up the court was some great times! And always fourwheelin and going out on the backroads further than we should have. We definately knew how to go muddin and then have mud/cow patty fights! You were my younger sister I never had and I love you greatly! I already miss you so very much! RIP Nicole Janae Scholfield
