“ *Oleata and Frank are some of my favorite people. Always kind, considerate and loving. They shared a genuine love for each other, family (especially Rhonda) and God. I remember traveling across country with Oleata to Jay Budd's funeral, desperately wanting to be there on time for the viewing. I was terrified and so very anxious to drive across country by myself, with Aaron and Austin only 7 months old at the time and she was just so lovely and kind as a rattled on with frayed nerves. Oleata was so wonderful and came with me. I have many other wonderful memories over the past 23 years and grateful for sharing moments of love and tenderness with both Oleata and Frank. May she be dancing in heaven with Frank, holding hands near their Father in Heaven and no longer in pain! Love you always!*
