“ I know heaven is receiving Peggy with open arms, and all of her love that she shared on earth is being shown in ways we cannot even imagine. I wish I could express how much her love and life led me to share Gods love with those I have met. May each of you continue to receive that special love only Peggy could give to all she knew. My arms reach out to each of you as Peggys always shared with me and my family.

With all Gods comfort for each of you.
