“Peggy was like a sister to me and our friendship has grown so close over the years and I will miss her so much we would text or message each other several times a day. It was a pleasure to make her a pink camo blanket for her birthday and take it too, I know she was in so much pain and didn't feel good a lot of the time but I know for a fact she loved her family. We were talking about the men in our lives and we know that we're blessed, she loved her kids but what made her light up was her grandson Erik.

“I only met Peggy a couple of times years ago but I do remember her being funny, cracking jokes, and giving us kids a hard time. 😊 My thoughts and prayers go out to you all during this difficult time.

“Peggy Sue I remember the 1st time I saw you. That blond hair and droopy drawers. You were a cute lil thing. When you lived here we were closer after moving away I guess we just sort of went our separate ways. Kept up with you through your mom and dad and then Facebook. You lived your life to the fullest. You and your family up in Kansas. You will be missed and I know thought of often. May your kids, grandson and husband find peace and comfort.
Love you Aunt Dale
