“ *Worked with Roger @Gates, he was a great guy. Always smiling and ALWAYS had a pack of gum in that shirt pocket that he offered up. Missed him since he retired. Sad to hear of his passing.*

“ *I can remember when we were kids and we'd come to visit one summer. uncle Roger had a horse and he was giving all the kids a ride on it. Anyway when it came my turn he evidently had that horse well trained because he said something to the horse and it lifted it front leg and put it right on top of my foot. Not too hard but just enough pressure that I couldn't get my foot out from under the horses hoof. I was panicking and Uncle Roger just stood there grinning like the cat that got the canary before he finally told the horse to lift his leg again. uncle Roger was onery but I never forgot that . He really got a good laugh over that .*

“ Roger was such a good friend of mine for 30 years at Gates. He was so witty and fun to be around. He could always brighten a dark day. The night shift was a much better shift because of Roger. Rest in peace my dear friend.

Greg, Gordan and families, You have my heartfelt sympathy for the loss of your father. Roger is the last child to pass in the family of Bruce and Leota Silcox. He was my uncle; a brother to Norman Silcox. May this gentle soul rest in peace.

Roger was my first cousin. After we moved to Tulsa & would go to Colcord to visit family, Roger would hang out with us. He taught me to play mumbly peg & how to use my hands as a whistle. I can still whistle thru my hands! We didn't see each other often after we became adults, but when we did we always felt close. Sometimes we would talk on the phone for hours. My heart went out to him.
