“ I have known Sallie my entire life. My Dad has worked for her for over twenty years. Growing up I lived basically next door to her on the farm on hwy 12. I always admired her - she was such a classy lady. She has done so much for my family and myself. She was not only a dear friend to us but she was part of our family. Words can not explain how much my family cared for this lady. We will deeply miss her. She spent the holidays with us on the ranch and those memories will be treasured forever as well as all the other memories made. I was only able to see Sallie once since her illness since I moved away a couple years ago but Dad and Tina were there with her. She blessed our life's with her presence and she will never be forgotten.

“ Sallie was such a neat lady! Admired "big sis" of my younger years; friend of my adult life. I came to know and appreciate her intelligence, her wit, her curiosity and interest in so many things, her complete lack of pretense and artifice--our shared love of farm life. In these last months I came to admire her strength, integrity, patience, humor, and grace in her final circumstance. She was always welcoming and gracious, even when I know she didn't feel up to it; she taught me so much at those times--lessons we all need along the way! It was then I discovered I had come full circle--once again envying that "big sister" I'd like to have had. Love to Sallie's family--and to all of you, thanks for sharing.

Jim and I extend our sincerest sympathy at this time. along with our prayers for your healing.

“ Was saddened to hear of the passing of Sallie. Often think about times on Tahlequah St. and the neighborhood families who lived there. Your family was a very important part of that neighborhood, and I have fond memories of them all. I pray God will give you comfort in your time of loss.

I was shocked to read that Sallie passed away and so sorry that I read the paper a day late so I missed the memorial service. I have known Sallie many years and we used to play bridge on a regular basis with 7 others. She always was so interesting to talk to and had so many things going on in her life. She will be missed by so many people.
