“ I miss you dad. We only got to meet twice after I turned 18 and only for a few hours and you were gone. I wish I had gotten to know you better and you'd had the chance to get to know me better but I know you're there with Jonathan. I miss both of y'all. I'm sorry how things went last time we ever saw each other. I'm sorry for the things I said, walking away and not giving you a chance myself because I believe you may have left Minnesota moved back to Arkansas because of how that went because you asked your son once again because I was too young and hothead and selfish and walked out of your life and disappeared. You are loved and will always be loved. Take care of Jonathan please. I'll be with you guys when it's my time and we can get to know each other again. I love you dad. Love, your son -Jacob Benson (AKA Jacques Triden)
