“ I'm going to miss my brother very much. It's not going to be the same without him. I'll remember all the good times we had together. He always said we were so close cause we came from the same hospital and our birthdays were next to each other and would tell me he loved me. I'll always love you Shawn and I know you're watching over us and we'll see each other again.

“ Shawn you will be dearly missed. Tracy talks about you all the time. She tells me how she wished she had just another moment to spend with you and tell you how much she loves you. She talks about how you was always there being the big brother and the father of the house. She tells me stories on how you would make her change tires and work for whatever she wanted. I remember when we first got married you told her that if I was ever mean to her that you would beat me up. But then you laughed and told her I was not that big and she could do it herself. I have some many stories and I am sure you are listening to them all. We love you so much!!!
