“ *We were so saddened to hear about Beck. I guess you are never prepared to lose someone you love and Beck was so loved by many. She had her challenges and rose above them. When we moved we had so many good intentions of returning to visit. I have missed my garage sale buddy so since moving away, and the great times we used to share. I guess the only way to say it....Beck was one of a kind and there will never be another like her and we will miss her so very much.*

“ Dear Steve and Family, many of us here at the office had the pleasure of meeting Sheila. She was a very down to earth woman who we enjoyed speaking and interacting with. Her occasional visits here will be sorely missed. We hope that we will continue hearing about the Woman who was just Crazy about you. While we have lost an extended family member, we have gained some pleasurable memories. We grieve with you and your family and will keep you, Sheila and all of the family in our prayers.
