“ *I am saddened to learn of Stephanie's passing. I knew Stephanie when we were students at University of Arkansas. We had a theatre class together. She was intelligent, vivacious, attractive and creative. I have not seen her since 1980 or 1981. My sincere condolences to her family.*

“ *I'm so saddened to learn of Stephanie's unexpected death I've known Stephanie since she was born---she's my cousin once removed. Her Grandfather Rex and my Grandfather were brothers. Uncle Rex adored Stephanie. As did all of us who knew her. We used to call ourselves twin cousins, because Uncle Rex thought we looked like twins. To her family, I am so sorry for your loss. I think I met her husband David at my grandmother's funeral, and she was so proud of her children. Holding you all in my thoughts and prayers.*

*Sorry for the late response. I have just now learned off Stephanie's death.

“ Steph and I were in same dorm "Futrall" at Univ of Ark. We had lots of fun times before she joined the sorority and we all moved off campus. She always had such a great smile and happy disposition. Through Face Book many of us were able to reconnect and we have started doing a football wkend each year. In 2010 Matt King attended and he had Stephanie's phone number so he called her and she came by to see us at halftime. It was just like old times and hard to realize it had been 30 years since most of us had seen her. I am so glad we did see her at that game. I have tried to attach an album with the pics we have from college and that game. I thought her kids might want to see their mom in her younger years. I am praying for the whole family and hoping that time will ease your pain. We all loved Stephanie and wish we could see her at the next gathering. Love to all the family and friends and I will be keeping you all in my thoughts. lisa widner

Stephanie was one of a few people I met when Steve and I moved to Siloam Springs. I always enjoyed talking with Stephanie because she was such an attentive listener. She had such a sweet personality. Up until a few years ago our paths didn't cross too much until my son went to Southside Elementary. We had the opportunity to catch up and it was like the years hadn't passed in between. She loved her kids and was very proud of them. Stephanie will be missed. Thoughts and prayers to her family!

“ Stephanie's bright smile and generous heart made a loving difference to countless people, including me and my family. I first got to know her when she bought me a sandwich on a field trip, as I forgot my wallet. Many cherished times with her through the years followed, especially when we shared prayers and the love of our Lord and Savior as sisters in Christ. She was a selfless and inspiring difference-maker, and her passion for teaching and her students will live on in the hearts of those who loved and knew her. Our prayers and deep sympathy to the Allen and Goode families.

“ As I read the loving memories of Stephanie it brought tears to my eyes and a smile to my face. She was always smiling. I have not seen Stephanie for many years but was lucky enough to know her for ten years while Eric and my son were in preschool through 7th grade together. Besides her smile, I remember that she always looked lovely, even with a ponytail, ball cap and no make up, dropping off the boys for school. Her family was the center of her world. She will be missed by so many lives that she touched. Be at peace Stephanie until we see you again.

I had the pleasure of sitting with her at some of the performances the kids did at school and any time that I saw her she ALWAYS spoke so highly of Teran and I could see that she had a genuine care for her students. She has made a huge impact on my daughter and I thank her for taking the time to teach in a way that Teran and the other students could understand and comprehend. She was a wonderful teacher and friend to Teran. I pray for the family that God will hold you close during this difficult time.

“ Mrs.Allen was an amazing teacher and person. I have her 8th grade algebra class this year and have known her since she had my sister two years ago. Over the summer she hung out with our family and it was such an amazing experience getting to know her. I was so nervous about algebra because I had never been a math person before and math was always difficult for me. This year she has shown me that with the right teaching I was actually really good at math. I never really felt like a smart kid until her class. She showed me that I could do a lot more than I ever gave myself credit for. Having her class first period was such a blessing. No matter how upset or grumpy I was that morning seeing her smile every morning put a smile on my face. I will miss her so much and her family is in my prayers.

Stephanie was such a special person to so many for so many reasons. I knew when I met her 3 years ago she would leave an impact on both of my girls for a lifetime. And that is what she did, Nikki and Makenzie will remember her for the rest of their lives! I remember when she and Emmy came out to the Lake with us and rode my jet ski for the first time. She said it was so out of the box for her. I gave her a quick lesson and off she went with that Big Smile of hers. Every night this week when I thought of her all I could see was that big smile. “ I first met Stephanie at the beauty shop about 20 years ago. I thought she was one of the prettiest people I had ever met. She was always friendly and talked alot about her family. We then took Lamaze class together when she had Emmy. She was very excited to aadd a girl to their family. My heart goes out to her friends, family and all who love her.
