“ I worked with Srteve for a few years at Simmons from 1998 until he went to Alt designs in 2000. He was a great person, always ready to give you a smile and make the day fun. I am sorry it took me 2 months to hear about his departure, but my condolences to Anita and the Kids.

“ Dear Steve,
I want you to know that I love you... I miss that I can't pick up the phone and hear your very special "brother" voice that always made me feel like I "mattered" in this world. I want you to know that I am so very grateful for all the love you gave to me for all the years of my life. For all you have meant to me, Steve and for all that you will always mean to your, "our" family... please, ALWAYS know that you are "precious" to me and you were always MY ANGEL :) ..., you are with God now and not hurting any more and for that... I am glad. I just miss you so much and I know it's selfish of me, but it's so hard to let you go in our physical world. I listen to all of the music we used to listen and I wonder if you hear me singing to you... harmonizing the way you taught me when I was a teenager. You were such a wonderful brother, Steve and I will be with you again one day. For now... rest... you deserve to rest and please take care of my Sweet Pea. She was waiting for you, I know. She will be a good buddy for you in heaven. I love you and miss you.
Your sissy, Penny~

“ Steve and I worked together at Altdesign; Steve was always smiling, laughing, pleasant and helpful to anyone. He talked about his fish, his family...his bike!

I have missed Steve's great attitude since he left and often wondered how he and his family were doing.

My thoughts and prayers to his family at this time. We'll miss you Steve!

“ Steve walked into my a life a few years back at work. From that day forward he was my friend. We became no less than brothers at work. I can never recall Steve uttering a harsh word about or to anyone in the time I knew him. Steve always had a good word and a smile in the morning for everyone. We talked many times of family and our childhoods growing up I felt like I had known him forever.

As Steve left work and moved on we drifted apart. But few days go by that he is not in my thoughts and memories. I will cherish knowing him from now on and he will stay in my fondest memories. My condolences to Anita and the children for there loss I know they will miss him. His family was his life.
